▶ Time table is subject to change

▶ A : Korean Class, B : Cultural Experience, C : Field Trip, D : Free Time, E : Special Lecture

Korean Class

1	Korean Language Class (Basic)
	by PNU International Language Institute (TBA) This course is intended to teach Korean language to students who have no prior experience of learning Korean. Students will learn Korean consonants and vowels, and how to pronounce them. Through this class, students will gain the ability to read Korean, and speak basic expressions for daily situations, such as introducing oneself, asking time and place, finding directions, and others.
2	Korean Language Class (Intermediate)
	by PNU International Language Institute (TBA) This course will allow students to learn how to communicate well in Korean with other Koreans in daily situations. They will gain intermediate-level vocabulary, and understanding of sentence structure and grammar of Korean language. After finishing this course, students will be able to express their thoughts clearly in both writing and speaking.
3	Korean Language Class (Advanced)
	by PNU International Language Institute (TBA) This lecture aims to improve Korean language skills for foreign students to take major lectures through integrated education on writing, speaking, and listening based on reading Textbooks. Through this class, students will be able to read and understand the contents of the textbook and summarize them, and discuss or make presentations with other students about the contents.

※ Courses are subject to change according to the number or level of participants

Special Lecture

Lecturer		Position
	Axel Timmermann	Director of IBS Center for Climate Physics
TBD		Faculties etc.
